

Voyd St. Pierre, Superintendent  
Rocky Boy School District

Monthly Report for January 2020  
Rocky Boy Head Start/Early Head Start  
Duane Gopher, Director  
Total Enrollment: 88 for EHS, 135 for HS (223 children total for January 2020)

-----  
The following are highlights for the month of January 2020:

- The Rocky Boy Head Start/Early Head Start was Awarded just over ½ of the requested Federal Funding from the Office of Head Start in January 2020. John Tester’s respective Office called and gave the news on January 8, 2020. The remainder of the funding should be coming shortly.
- Enrollment tallies at the end of the January 2020 month indicate we are up by 14 children. The previous month (December 2019) numbers were at 209. These numbers are reported to the Office of Head Start by the 7<sup>th</sup> of each month.
- The Director worked on the new budget for Fiscal Year 2020 and submitted it to the District Superintendent and District Clerk for approval.
- Our Department had zero accidents for the month of January 2020.
- Parent Teacher Conferences were held on Monday, January 20, 2020. As usual, the number of parents that turned out was minimal. This Department will attempt to continue to reach out via social media and radio broadcasting. Some Educators felt it was the cold weather and icy conditions that led to the low turn out.
- The Rocky Boy Head Start main building had a propane leak which lead to closure on January 29 and 30, 2020. Classes resumed on Friday, January 31, 2020.

-This concludes my monthly report for January 2020.  
-Submitted on February 10, 2020
