Principal's Report Christoval Elementary School July 9, 2015

- I. The elementary administration is working on the following:
 - a. Master Schedule
 - b. Class lists
 - c. Analyzing benchmark and testing data (*STAARS and TPRI*)
 - d. In-service training for staff in August
 - e. Transfer requests
 - f. Classroom and beginning/end of day procedures
 - g. School-wide discipline procedures
 - h. Facility and ground improvements
- II. This year's school theme will be Medieval as voted on by all staff in May.
- III. Our Title 1 meeting went well with Region 15. We have completed all trainings and paperwork for the waiver to be filed for the elementary campus to be a schoolwide Title 1 campus not a Targeted campus as we were in the past. The federal government money stays the same, but we can now help any student who may struggle with a math and/or reading concept (TEK) not just students who are identified by early October.
- IV. The custodial team has done a wonderful job of getting every inch of the building ready for the 2015-2016 school year. Everything just sparkles!
- V. Mrs. Stormy White presented at Region 15's STEM EXPO on June 22. She presented to area teachers the apps she uses daily in her classroom. She did a great job presenting and showcasing the technology that is available for students of Christoval ISD.
- VI. Mr. Larry Sanders renovated one of our staff restrooms this summer. He also added a hot water heater to the other restroom. He truly is a talented man and does such great work.
- VII. Ceiling projectors are getting added to 5 rooms in the wooden hallway. Mr. Terrill did all the research of cost and if it could be done in this particular hallway. REAP funds were reserved for the project. All projectors will be installed before teachers are required to report.
