RE: FY27 School Calendar - Draft
DATE: October 16, 2025

The FY27 school calendar is presented in draft form for review. Final approval will likely take place at the Board Meeting on November 10, 2025.

There are few changes from previous calendars, but here are some main points:

- We are proposing to hold Link Crew Day (9th grade only) on Tuesday, August 4, followed by parent night in the evening. The second teachers' in-service is proposed for Wednesday, August 5, to allow for any schedule revisions prior to the August 6 start for all students.
- Easter is very early in 2027. The tentative proposal is to incorporate the Good Friday holiday in the second week of spring intersession.

The preliminary draft has been shared with the UTEA for review.
