Background:

I would like to request permission for Cassandra Ault, Michael Hall, Regan Oney, and Mari Silva, Marana Middle School certified staff members, up to three additional teachers/staff (to be determined), and approximately forty-four Marana Middle School students, to travel to Catalina Island, California to attend the Catalina Island Marine Institute (CIMI) on February 22 - 26, 2027.

The purpose of this trip is to engage students in understanding and applying scientific concepts pertaining to, but not limited to, the idea that living things are alike, yet different, structures in living things are related to their function and that living things react to their environment.

Students, through hands-on experiences, will develop a clear hypothesis as they investigate cell function and the cellular process and how it relates to the world and them.

Students will be attending the five-day CIMI program, which includes a series of activities such as snorkeling, island labs, and ocean kayaking. Students will embark on a scientific adventure that will not only teach marine science and island ecology, but also stimulate curiosity for nature and science.

Recommended Motion:

I move that the Governing Board approve out-of-state travel for Cassandra Ault, Michael Hall, Regan Oney, and Mari Silva, Marana Middle School certified staff members, up to three additional teachers/staff (to be determined), and approximately forty-four Marana Middle School students, to travel to Catalina Island, California to attend the Catalina Island Marine Institute on February 22 - 26, 2027.

I would like to request permission for Rachel Vega, Marana High School Orchestra Director, parent chaperones (to be determined), and the students of the Marana High School Orchestra to travel to Anaheim, California, to attend the Disneyland Soundtrack workshop on April 14 - 18, 2027.

This trip will not only give students a chance to come together as an orchestra, but they will be able to experience music and art in immersive and diverse ways. Disneyland is music and art in motion as an immersive stage where even the employees are called cast members. Students will not only be able to experience the Disneyland parks, but will be taken to a sound studio backstage where a professional conductor and composer will work with them, teaching them how to be a studio musician, recording soundtrack clips, and getting to see the Disney animated scenes with their recording behind it.

Students will also spend time touring the Warner Bros. Studios, getting a behind the scenes look at how movies and shows are made. They will see the professional touring production of the musical *Mincemeat*, where they will witness professional musicians in action and see how history and the performing arts can be mixed in creative and flexible ways with a small cast portraying several characters each. This will be a trip packed with music and other performing and visual arts, with lessons learned that will then influence and inform their own performance back in the classroom.

Background:

On May 14, 2026, the Governing Board approved the following request to attend the World Strides Program in Washington, D.C. on May 5-8, 2027. However, due to new legislation regarding state testing, the travel dates have been changed to May 12-15, 2027.

I would like to request permission for Sabrina Dominguez, Melissa Joliat, Regan Oney, Jackie Shope, and Megan Hawkes, certified staff members, up to 12 additional certified staff chaperones, and up to 140 eighth grade students from Dove Mountain CSTEM K-8 School, Twin Peaks K-8 School, Marana Middle School, Tangerine Farms K-8 School, and Tortolita Middle School to travel to Washington D.C. to attend the World Strides Program on May 5-8, 2027.

The purpose of the trip is more than a trip about history. It is designed to enhance the student's knowledge of their Social Studies curriculum. On this once-in-a-lifetime adventure, students will explore some of our nation's most important historical sites while experiencing incomparable learning moments. Participants will gain a deeper understanding of our nation's history; how decisions have shaped our country as they discover the American story.

Recommended Motion:

I move that the Governing Board approve the revised out-of-state travel dates of May 12-15, 2027 to attend the World Strides Program in Washington, D.C.
