|     |         | - |       |

of your teachers who use assistive technology use it with students at least monthly

### Access

ŝ

Access at School

Teachers

Students

Access at Home

Teachers

Students

Exemplary 0 96%

> of teachers can get devices for their students when needed more than half the time

92%

of teachers report a typical student to computer ratio of 2:1 or 1:1

## BrightBytes data review

of teachers report high quality internet speed

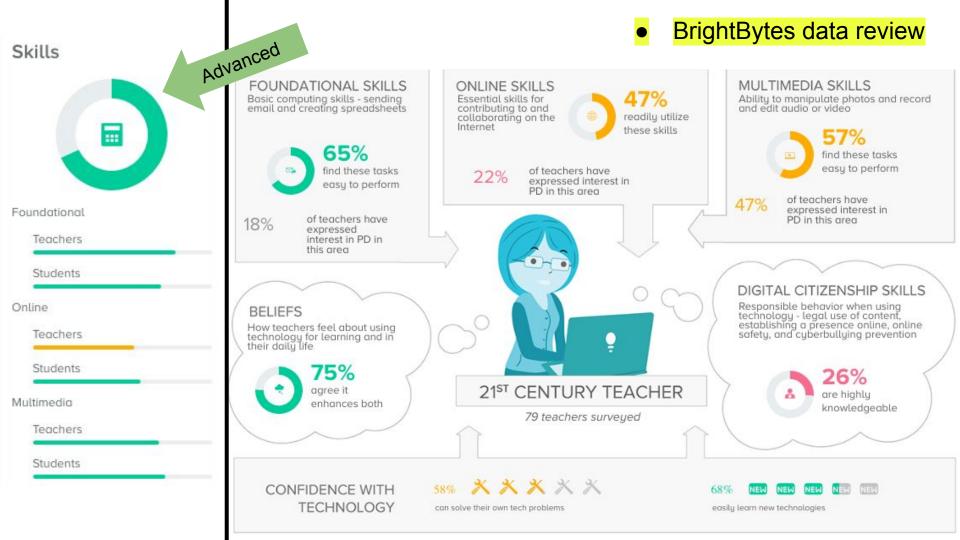

٩

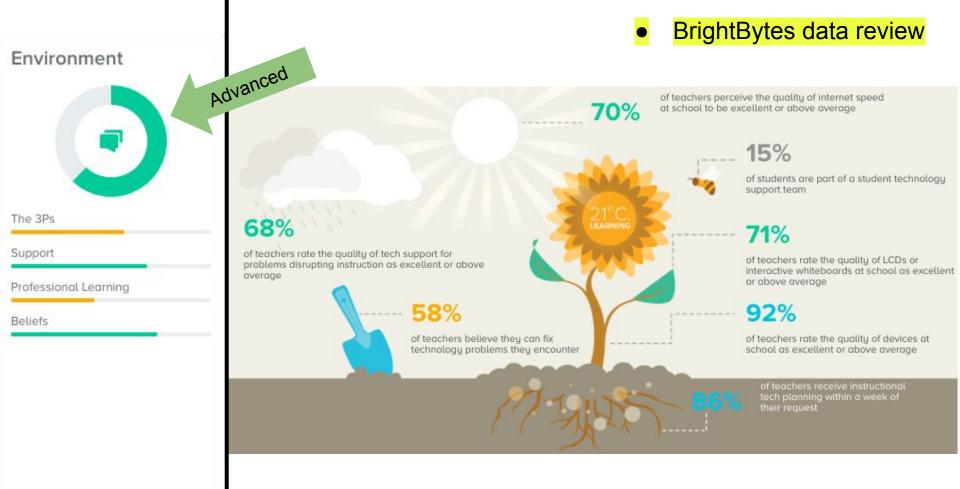

96%

of teachers have access to a computer for their own use all the time at school

- Representatives from all schools /disciplines
- Meeting Monthly
- Desired Outcomes:
  - Apple / 8 Elements
  - Shared decision making
  - Clear vertical / horizontal communication
  - Long term planning for "unique" updates and integrations: MakerSpaces, 3D printing, Digital Citizenship content, etc

# **Tech Committee**

# The Eight Elements

#### Vision Articulate the "why" for your learning initiative.

### Team

Assemble a leadership team that will own, plan, and implement your learning initiative.

### Community

Engage your community so stakeholders understand and support your vision.

### Measurement

Establish ways to measure your progress against clear goals.

### Student Learning

Explore and understand new tools and materials to enhance student learning.

### **Environment Design**

Design your infrastructure, management strategies, workflow solutions, and physical environment to support learning.

### Professional Learning

Model and support a culture of ongoing professional learning.

### **Financial Sustainability**

Identify the expected costs and possible savings over time to ensure long-term sustainability of the initiative.
