Dear McNulty,

We hope your school year has been a successful one for you especially given many of the challenges that still present themselves in our community. We, at the Arkansas Military and First Responders Academy (AFMRA), want to provide you an important update.

Given many of the same issues you face with regard to COVID, supply chain constraints and other external matters, we are filing with the state's Charter Authorizing Panel and State Board of Education to delay the opening of our school until August 2023. We know this change could potentially effect some of your students, which is why we are sending you this notice.

Should you have any questions regarding this change, please do not hesitate to contact me directly by email or by phone at 859-421-3799. Have a safe conclusion to your school year.

Sincerely,  
Dr. Don Hall  
Superintendent  
Arkansas Military and First Responders Academy (AMFRA)
