Dottke PBL High School

On the evening of Tuesday, December 10th, Dottke Project-Based Learning High School hosted our first "Coffee House & Live Music Night." The event was a complete success, with over 60 students and family members in attendance to enjoy a cozy night of sweet treats, hot drinks, and great musical performances from 17 students. This program was part of our annual Dottke All-School Projects program, where every CREW works on a year-long project designed to benefit Dottke, and the surrounding community. Our culinary students catered the event by making sweet baked goods and hot beverages to sell, raising over \$270 to support our Culinary Arts program, as well as the creation of a refurbished Dottke Library (which is the task of two other CREWs year-long project). Stay tuned for other cool events in the near future!
