Santa Family Night

Our Family and Community Engagement committee planned an opportunity for families to meet Santa and snap a picture with him! We had 150 families attend. Families were also provided a calendar of events to keep them busy this December. It was a great way to start the holiday season!

Conscious Discipline Update

This year we implemented our “Brain Smart Start” Morning Meetings into our daily routine. Thanks to our extra 30 minutes a day, we could dedicate more time to building relationships, support social emotional learning, and set a positive tone for the day. 2nd Semester, we will focus on our commitments to keeping our school safe and following our classroom promises.

Kindness Tree

Washington Staff is focusing on the positive actions we want students to do. Staff is practicing phrases such as- “When you want a toy, say ‘May I have a turn?’ instead of “don’t grab that toy”. We want to replace the old behavior, by teaching the student a new skill. This week we started a Kindness Christmas Tree. In 3 days, Miss Bus has made 14 positive phone calls home! Last month administration made 82 positive calls home!

Donuts with Grownups

Pre-K families were invited to school to eat a donut and make a craft. Each student invited a special grown up to attend. It was a short, but sweet event to invite our special grown ups to!
