

Topic: Student Discipline Discussion/Report
Presenter(s): Karsten Anderson, Superintendent

Recommendation

The information is presented for discussion purposes. No board action is needed.

Background Information

Board members requested time to discuss student discipline. Attached is a copy of key metrics related to providing a Safe Learning Environment. Education Minnesota requested a working group to review student discipline procedures. District and building leaders are supportive of that request and recommend including at least one board member. If there is a consensus to include a board member, a committee description will be presented to the board in July for approval. The working group will likely hold its first meeting in August or September.
