

Topic: Schedules C and D
Presenter(s): Karsten Anderson, Superintendent

Recommendation

I move to approve the attached Extracurricular Schedules for 2025-26 and 2026-27..

Background Information

For many years, the district's teacher work agreement included salaries for non-teachers who work as coaches and activity advisors. Beginning with the 2023-25 teacher work agreement, however, only teacher salaries are included in the teacher agreement. As a result, there is a need to adopt a schedule that includes non-teacher salaries.

In many districts, the same schedule is used for teachers and non-teachers. However, cost constraints make it challenging to simply adopt the schedules in the teacher work agreement. The attached proposed document outlines salaries for all coaches and activity advisors. The teacher work agreement takes precedence over this document if there is conflicting information.
