August CCSD School Board Report

The new school year is off to a fast start and we are excited to be welcoming students back into the building soon. As of 8/13/2026 we have 74 students enrolled but expect that number to fluctuate as students transfer in and out.

The maintenance staff has done an incredible job to prepare CHS and work through any surprises that arose this past summer. In July the boiler had an issue and started spewing out oddly colored smoke overnight. The maintenance staff were able to fix the issue the next day and we greatly appreciate their efforts.

On 8/12/2026 Liz, Jared, and I received training on the new PowerSchool registration process. The new system is highly customizable and it is our hope that this will make registration easier for families and the district.

This past year CHS started using Parchment for transcript requests. The system requires us to digitize transcripts and we are doing so as new requests come in. The platform has already seen use this summer as previous graduates start their post-secondary journeys.

CHS cross country started in late July with Tina Steffen as the coach. You may have seen them around town the last few weeks practicing before meets start. Currently the team is scheduled to attend four meets before regionals in Juneau at the end of September.

CHS is welcoming several new teachers this year. Meri Miller is taking over the science position, David Lindquist for wood shop, and Jessica Becker for our Health and PE courses.

Finally, we would like to welcome Bend vs Break and the Prince of Wales Health Network who both asked to use the school facilities this month. We appreciate all the work they are doing to help our communities.
