CCSD Maintenance Report

AUG 2026

Happy to report – all district vehicles are present and accounted for.

It has been a summer to remember. In lieu of writing a novel, I will touch on the highlights by providing before and after pictures, and a few random tidbits.

The entrance to the middle school received some symmetry and new residents.

The science room is bright and welcoming. I am grateful that Jackie and Christy insisted we cover over the old restaurant vibe. It looks amazing.

Before

After

Little treats left behind by the rehab crew in the ceiling of the science room.

(An attempt to hide a leak – now fixed and the bucket repurposed)

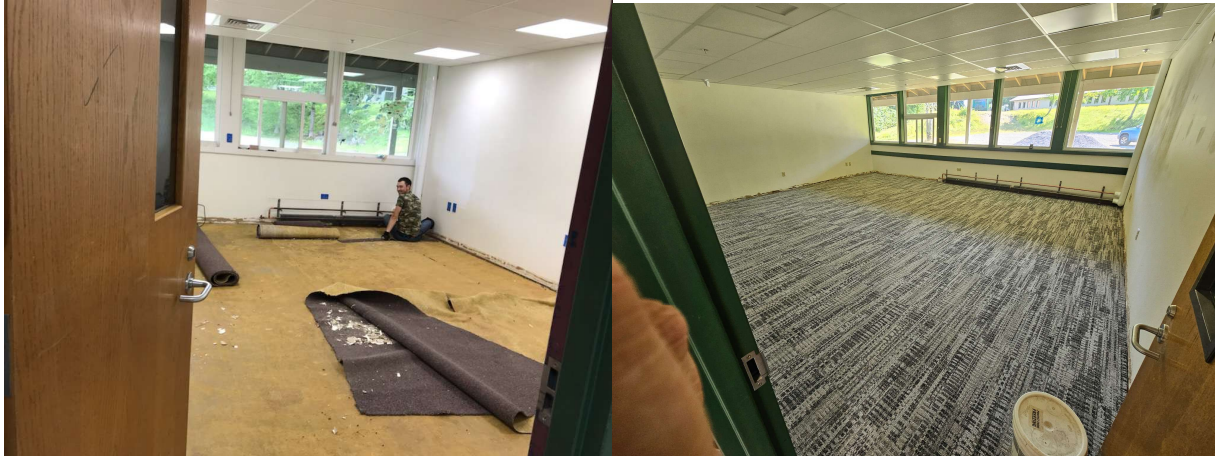

We had some amazing and unexpected help this summer, from the Alaska Youth Stewards program (AYS). These are young people from our island who put their mark on our new building and made a difference.

Jadon was everywhere this summer.

10 points for Hufflepuff!

We needed near perfect lumber for the locker base.

Brent, Jadon and Kimjoe provide.
