## 2024-25 Department of Business Goals

Provide our students with equitable, safe, and well-maintained facilities

Prioritize our financial resources to meet our short and long-term goals

### Complete the Fiscal Year 2024 Audit by **October 15, 2024**

According to the Illinois School Code, School Districts are required to submit their annual audit for the previous fiscal year by October 15th. However, School Districts may request a 60-day extension to December 15th. The request needs to come from the auditing firm.

The primary goal of the Department of Business & Operations is to complete the fiscal year 2024 audit by October 15, 2024. This will allow time for the audit to be presented to the Board of Education for its approval and submitted to the Illinois State Board of Education in a timely manner.

### **Finalize Skyward Qmlativ Policies/Procedures and Training Manual**

We have begun staff training, and will build upon those documents to create a more robust training manual for all staff.

### **Finalize Formal Department Policies/Procedures Manual**

The Department of Business & Operations will document policies and procedures in a consolidated user manual for all disciplines. Policies & Procedures will be reviewed and updated regularly.

### Facility Planning and Capital Projects

The Department of Business & Operations continues to oversee the completion of the Short-Term Facility Plan (2021-2024) that addresses outstanding life-safety projects and the beginning of the Short-Term Facility Plan (2024-2026) that address future capital projects.
