Grading Scale

Mr. Jason Harris

Mr. Jason Harris will provide information regarding a proposed change in the grading scale to be in line with 134 of the 152 school districts in Mississippi. The grading scale will require changes to TPSD Policy IKA. Some advantages for our students include higher QPAs to meet scholarship criteria, NCAA criteria, and “good student status” for insurance rates. The grading scale for K-1 would also change to make “N” clear for staff and teaches.
