RE: DISD property - Lot 29B, ID# 13-00390

Dear Mr. Burroughs:

The City of Corinth has received a number of complaints over the years concerning the condition of the above referenced lot located adjacent to and behind the Oakmont Subdivision. The lot is a drainage and slope easement and due to its condition, it causes difficulty for homeowners adjacent to the property with rats, snakes, and other vermin.

Therefore, The City of Corinth would request your assistance in transferring ownership of Lot 28B to the City of Corinth.

We thank you in advance for your assistance. The City Manager, Bob Hart, is available to assist in the process and communication with Denton County and Denton ISD.

Sincerely,

  
Bill Heidemann  
Mayor
