 This action request pertains to Elementary (only) High School/District Wide

Date: February 8, 2023

To: Corrina Guardipee-Hall
 Superintendent

From: Dennis Juneau
Title: Assistant Superintendent

Subject: BPS District Staff Wellness Day Activities, Early Student Release/Remote Learning Day Friday, February 17, 2023 and Friday, March 17, 2023 to allow all BPS staff opportunities to participate in Wellness activities district wide and within their buildings.

Description: The Wellness Committee is requesting early release for students on Friday February 17, 2023 beginning at 12 noon to allow staff to participate in staff wellness activities in their building or at district wide activities provided at Browning High School beginning after student release until 3pm. We are requesting an all-day staff wellness event titled March Madness on Friday March 17, 2023 which will require a remote learning day for students so every BPS staff member can participate fully in district wide activities provided at BHS from 8am until 3pm. The wellness committee is working towards providing student and staff combined wellness days beginning in April which will not require students to be released early nor require students to work remotely. These two requested days in February and March allows the Wellness Committee to provide all BPS staff with wellness day support immediately while also providing time to work with Principals on developing the combined student/staff wellness days beginning in April.
