FRIDAYS "AM ONLY"

Beginning January 9<sup>th</sup>- 8:45-9:45 AM

## Athletics and Other Fun Activities

Wrestling:

Wrestling starts January 5<sup>th</sup> as well. We will have a few returning grapplers for the 2015 season and quite a few newcomers. LSMS will be hosting 3 home matches this year. All of our schedules will be posted on our school webpage. Stop on by and watch the Tigers of LSMS compete!!

#### **Girls Basketball:**

We had a very successful Boys' Basketball season. The 8<sup>th</sup> grade finished the year with a 9-1 record. Their lone loss came at the hands of the Lorna Byrne Vikings in the beginning of the year. Our 7<sup>th</sup> grade finished the season with a 7-3 record. We are very proud of our student athletes and congratulate them on the combined 16-4 season.

Our Girls' program is starting January 5<sup>th</sup> and have 20 games scheduled this year. We have a very strong 8<sup>th</sup> grade Girls' team and they have elected to play in the GOLD division (large schools) this season. With experienced coaches returning in both of these sports, our expectations and excitement levels are very high.

#### **PBIS Rewards:**

We are wrapping up the end of Semester 1. Each year we reward the students that meet PBIS criteria with a field trip. Students that have 92% attendance, caught up in school fees, no major referrals, 2 or less lunch detentions and passing their classes will get to attend a trip to Southgate Cinema for a private viewing of a movie, have lunch with friends and play/swim at the YMCA. Students have enjoyed this reward for years and we look forward to saying "thank you" to the students of LSMS.

#### **Attendance Rewards:**

In an effort to promote attendance at the LSMS we have asked our leadership class for some help. Together we have built an incentive program that is beginning to show some slight improvements in our attendance. All students at the school had an opportunity to vote on items they wish they could win if they were meeting the 92% attendance requirement at the end of each semester. Here were the final choices: Chromebook, ipod shuffle, Beats Audio headset, Kindle Fire and a BMX Bike. On February 12<sup>th</sup> the leadership team will be hosting a pep assembly and all students with 92% attendance will have an opportunity to draw from a hat and win one of those items. We will also be celebrating and recognizing our school athletes in our Winter 2 sports: Girls Basketball and Wrestling. Stop by and support the Tigers of LSMS!!

#### **Math and Reading Collaboratives:**

This past month our middle school teachers have been given an opportunity to collaborate district-wide. Last month we brought all of the Language Arts teachers together. This month we brought all of the Math teachers together. Each group was given a full day together for collaboration, curriculum design, building assessments and reviewing best practices. Thank you to our District TOSA team: Kirsten Valenzuela, Rob Saunders, Francie Bostwick, Kellie Palmerton, Erica LeBleu for all the work you. Next up: Social Studies and Science.
