Re: Summer 2019 Johnson Roofing Project

I would like an opportunity to share with the Board of Education information on the Summer 2018 Roofing project at Johnson Upper Elementary School (full roof replacement). This Sinking Fund project is slated for Summer 2019 and is a continuation of the District's roof replacement program. Bids were received and opened on Tuesday, November 27, 2018, with post-bid interviews and follow-up taking place on November 28 and 29.

The LPS Team, working in partnership with Roofing Technologies Associates (RTA) and Plante Moran CRESA (PMC) are recommending JD Candler Roofing, Inc. as the low responsible bidder. Details of the bid results, along with recommendation letters from PMC and RTA, are attached. Please add this as an agenda item to the December 10, 2018, Committee of the Whole meeting.

Please contact me if you have questions. Thank you.
