Re: AEIS Public Hearing

Enclosed are selected highlights from our recently received Academic Excellence Indicator System Report (AEIS). We are required by law to make this information available to the public and to conduct a public hearing. I plan to review some of these highlights during the workshop and then open up the public hearing. Copies of the highlights will be made available for public use at the Board meeting.

Also, please note that data from the Performance Based Monitoring System (PBMAS) and the Texas English Language Proficiency Assessment System (TELPAS) are included as a component of this public hearing. The full AEIS report will be combined with the Campus Improvement Plans and published in one large document following the public hearing. Copies of this comprehensive report will be reported on our website.

It should be noted that all financial data is released as actual (audited) and not budgeted data. This creates a year lag in reporting this information.

Please let me know if you have any questions.
