

**RESOLUTION AFFIRMING SUPPORT OF ALL STUDENTS AND FAMILIES REGARDLESS OF
NATIONAL ORIGIN, CITIZENSHIP OR IMMIGRATION DOCUMENTATION STATUS**

WHEREAS, the Beaverton School District is home to families from all over the world, and the diversity of our students, families and staff is a source of strength and must be honored and reflected in our policies and practices; and

WHEREAS, equity is a core value of our district and a foundation of the district's strategic plan, with a steadfast commitment to eliminating barriers and creating a welcoming school climate where all staff, students and families can belong, believe and achieve; and

WHEREAS, the fundamental purpose of our public schools is to provide all students a high-quality, well-rounded education that meets each student's abilities and needs and prepares them for their future; and

WHEREAS, Supreme Court precedent (*Plyler v. Doe*, 457 U.S. 202 (1982)), requires that all students be provided with equal access to public education, regardless of their immigration status or that of their parents or guardians; and

WHEREAS, Oregon sanctuary laws (ORS 180.805, 180.810, and 181A.820 to 829) prohibit public bodies — including public schools and law enforcement — from releasing information or providing assistance to immigration officials for federal immigration enforcement, subject to the exceptions of the law; and

WHEREAS, public schools in Oregon are subject to all federal and state laws and constitutional provisions prohibiting discrimination, and the district promotes an environment free of discrimination or harassment based on an individual's race, national origin, ethnic origin, religion, sex, sexual orientation, gender identity, gender expression, disability or other protected characteristics, as per board policies including AC Nondiscrimination, ACB Every Student Belongs—Hate Symbols and Bias Incidents, JFCF Hazing/Harassment/Intimidation/Bullying, and JBB Educational Equity; and

WHEREAS, the board recognizes that escalated immigration enforcement actions have caused uncertainty and anxiety for many in our community, and that it is critical for our schools to continue to be safe and welcoming spaces where students, families and staff from all backgrounds feel they belong;

NOW, THEREFORE, BE IT RESOLVED that the Beaverton School District will maintain practices consistent with supporting all students regardless of national origin, citizenship or immigration status. The district:

1. Will not ask about, document or maintain records related to students' immigration documentation status, or the status of students' or employees' family members;
2. Will not disclose student educational records without parental permission, court order or other legal authority, pursuant to the Family Educational Rights and Privacy Act (FERPA) and relevant law;
3. Will not permit law enforcement to enter a school or take a student from school for the purpose of immigration enforcement without parental permission or a judicial warrant or other legal authority;
4. Will require, to the maximum extent permitted by law, that any court order or legal authority seeking student educational records, access into a school, or a student's removal from school must be presented directly to the superintendent's office, so that the superintendent or designee can assess the request and consult legal counsel before any action is taken; and

5. Will share resources for families to make an emergency plan for any situation that would prevent them from being present to care for their children, and will contact designated emergency contacts or appropriate state child protective services to provide for the student's care in the event that a student's parent or guardian is unavailable.

BE IT FURTHER RESOLVED that the Board of Directors of the Beaverton School District directs the superintendent to ensure that:

1. The district will review and strengthen as needed its relevant policies, procedures and practices related to supporting all students and families regardless of national origin, citizenship or immigration documentation status, to ensure they are consistent with this resolution and its intent, to the extent permitted by law;
2. The district will continue to communicate consistent expectations to all employees and provide training for staff to understand and follow the policies, procedures and practices which are supported and reaffirmed by this resolution;
3. The district will continue to communicate and partner with government bodies, public agencies and other organizations as appropriate to provide families access to resources and support while prioritizing the safety and confidentiality of personal information;
4. The district will continue to provide clear and accessible information to families and the community about its policies, procedures, and practices that relate to supporting all students and families regardless of national origin, citizenship or immigration documentation status, including clear communication about what related supports the district and its staff can and cannot provide;
5. This information will be made available and updated as needed on the district website and intranet; and
6. The superintendent will carry out this resolution and communicate its content as needed to inform and support our community.

This resolution is intended to be consistent with the district's legal obligations under federal and state law. Accordingly, this resolution shall be interpreted as to not violate any requirement of federal or state law. Should federal or state law change so as to give rise to a conflict with any provision of this resolution, such provision shall be of no further effect, and the remainder will continue to be valid and enforceable.
