### **New Time and Attendance System**

**Mr. Jim Turner/ Mrs. Kimberly Britton**

**Mr. Jim Turner and Mrs. Kimberly Britton will give a presentation on a new time and attendance system. Health Care Reform requires that an employee working over a certain number of hours be offered health insurance. The U.S. Department of Labor will audit. This system helps the district's Finance Department account for the hours they have paid employees and for the hours the employees have worked (in all their district jobs.)**
