Jason Fastenau
Director of Technology
Board Report
August 2026

GOALS FOR THE TECHNOLOGY DEPARTMENT

- Maintain a long-range vision for the district on how best to grow and adapt to current and emerging technologies to support quality education at a sustainable price point.
- Upgrading technology for staff and students on a regular basis that maintains key systems.
- Work with staff to effectively utilize technology to support student learning.

DISTRICT TECHNOLOGY FOCUS AREA(S)

- Maintaining effective technology operations on an ongoing basis.
- Continue to update our systems and methodologies to best meet the changing needs of the educational technology landscape.

CURRENT PROJECTS/CONSIDERATIONS

- Summer computer management has mostly been accomplished.
 - 7th grade computers have been moved to CHS, and prepped in carrying cases.
 - Eccles carts have been moved back out of storage. Final prep will occur after we see who we have for new students, and which students have left.
 - Once new Kindergarten students have been registered, those carts can be set up as well.
- Our new copiers came in during the final week of July, and are set up and configured
- Computers for new hires are being set up currently.
- The CLSD grant program budget for this year is awaiting final approval from the state.

UPCOMING PROJECTS/CONSIDERATIONS

- The return of students during the Fall always brings with it some computer issues to work through. Mostly this consists of dead batteries and minor damage. As a whole, our students take very good care of their devices.
