ESD SHARED SERVICES COOPERATIVE

Willamette ESD is a member of a Shared Services Cooperative whose five member ESDs have agreed to make their services available to all school districts within their combined service area at the same cost.

These ESDs have agreed in principle that school districts may purchase shared services within the cooperative. In practice, this will vary across ESDs depending upon existing agreements with their component school districts. In Willamette ESD, K-12 districts may use their transit funds to purchase services that are listed in the Willamette Local Service Plan or from the other Zone A ESD's Service Plans. In accordance with the transit fund agreements, districts will report to WESD on the services they purchase with transit funds.

School districts may also use their own general fund resources to purchase services within the Shared Services Cooperative. In either case, districts may contact cooperating ESDs directly to arrange for services.

The other ESDs in this cooperative are Clackamas ESD, Columbia Gorge ESD, Multnomah ESD and NW Regional ESD. The initiation date of shared services is a local decision and may vary by ESD; and the availability of shared services may depend upon the development of additional capacity as this collaboration grows.

SERVICES PROVIDED TO ENTITIES OTHER THAN COMPONENT DISTRICTS

The 2005 Legislature changed the structure of the ESD local service plans to include contracted services provided to public and private entities that are outside our 21 component districts in the WESD region. These services include:
