RE: HS Vestibule Project Recommendation.
Procurement 2526003
GRE- 25-0206

Ms. Diaz;

We received two bids for the High School Vestibule Project. The vestibule was readvertised with a set of revised drawings to reduce cost.

The following are the tabulated results:

Advanced Solutions Construction Company	\$ 68,800.00	60 calendar days
305 S. Main St, Del Rio Texas 78840		

The bid was not signed. Bidder did not submit Commercial insurance.

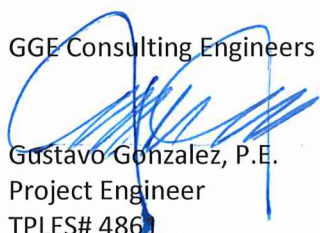

DLP Construction Maintenance & Solution LLC	\$ 65,987.00	40 calendar days
506 Griner St, Del Rio Texas 78840		

The submittal package was complete with Commercial insurance endorsement and W-9.

Based on the lowest bid and complete package, I recommend that the HS Vestibule Project be awarded to DLP Construction Maintenance & Solution LLC in the amount of \$ 65,987.00

Respectfully,

GGE Consulting Engineers Inc. dba GE Reaves
