

Memo

To: Superintendent Jeff Stephens, Weber School District Board of Education
From: Lynn Raymond, Administrative Director of Technology
CC: Robert Petersen, Dax Teuscher
Date: October 28, 2021
Re: Bid and Purchase requests

Expand wireless internet coverage to school buses. These wireless routers will provide internet access to students while being transported on busses as well as provide connectivity for camera monitoring systems. Funds for this purchase are from federal ESR funds, and regular operating budgets. The price listed are below NASPO/State Contract price.

I am requesting board approval for the following:

School Bus Internet hardware – Not to exceed \$515,000

- (160) Wireless routers and antennas

Thank you for your consideration of this acquisition. District and federal e-rate procurement guidelines will be followed. These items are important to the safe, reliable and secure operation of our school networks. I appreciate your continued support of technology in the district. If I can provide you with further clarification or answers to questions, please contact me at 801-476-7977. Alternatively, you can reach me on my cell phone at 801-540-1014.

Thank you.

Lynn Raymond
Director of Technology
