Superintendent

**ACTION**

**BACKGROUND INFORMATION**

This is a Board member requested item.

**ADMINISTRATIVE RECOMMENDATION**

The current Policy language offers specific advantages to the district in terms of opportunity and responsiveness in hiring high-quality professional staff compared to more common policy language in this area. Additionally, there are significant implications for the Board related to state nepotism controls on public officials. As district counsel will be available for this meeting as a result of other agenda items, I have asked her to be prepared to offer her perspective on any proposed change to this policy.

No specific recommendation of superintendent.

**APPROVAL/DISAPPROVAL**
