

## **BUILDINGS/GROUNDS & TRANSPORTATION REPORT**

**Date:** January 24, 2022  
**To:** Board of Education  
**From:** Jeff Stauder

### **BUILDINGS/GROUNDS**

#### **Facilities Committee**

The Facilities Committee met on January 20, 2022 and I have attached the minutes.

#### **Elementary School Update**

We are now in the design stage of the project. For the next few weeks the staff will be meeting with BLDD's design team to get a better understanding of classroom set up as well as the Cafeteria and Janitorial workers. The soil borings were completed on 1-20-22 and I have not seen any results as of yet.

#### **High School Custodian Position**

This position has been filled by Megan Cothorn. Megan has previously worked for the District as a bus Aide for a few years. I still need to fill the night Custodian at the Jr. High.

### **Transportation**

The Transportation Department is staying healthy and right now we have a full staff plus three Subs. They are all staying busy with Athletic trips and with the after school tutoring transportation. I will be seeking bids for one Handicap bus. I am planning on keeping the old bus in our fleet as a spare. There has been many times when we could not transport due to not having an extra wheelchair lift. I am also going to need to start looking for a new minibus. The air is out and it is going to cost around \$5,000 to fix it. The other problem is that the underneath is rusting out. If I had to take it to a bus lane inspection it probably would not pass. I will have these prices at the next Board Meeting in February.
