

District Recognitions

Back to School Bash

Our Back to School Bash was a wonderful way to kick off the new school year and bring our community together. Families from across the district joined us for an evening of celebration, connection, and fun. We were thrilled to welcome 40 community partners who shared resources, activities, and support to help set our students up for a successful year ahead. A special thank you goes to the WAWM Recreation Department for providing games, our school administration for staffing them, and Chartwells for providing the food that made the evening complete.

First Day of School Greeters

On the first day of school, we invited community partners, district office staff, and building staff to serve as greeters at our schools. Their warm smiles and words of encouragement helped create a welcoming atmosphere for students as they walked through the doors. This effort was designed to start the year with energy, enthusiasm, and a strong sense of community support. We are grateful to everyone who participated and helped make the first day extra special for our students.
