

Odessa College and The University of Texas of the Permian Basin High School Dual Credit Courses Effective 2022-23

Only Core (Math, Science, English, Social Studies) and Languages Other than English for graduation requirements will count on the 4.5 GPA Scale.

No Dual elective courses count toward GPA. These courses will NOT have a negative impact on your GPA.

Please see each course listing for the GPA Weight.

9th and 10th Grade students will be placed in dual classes before and after their full-day schedule with ECISD. 11th and 12th graders can be placed into dual courses during the day within their schedule. 11th and 12th grade students must sit face-to-face for 5 credit-bearing courses before approved for online courses or courses on the college campus which do not report attendance to ECISD. Students will be enrolled in the face-to-face section on the ECISD campus when possible.

OHS, PHS AND NTO: 8-week Dual-Credit courses are ONLY allowed outside of the school day. 8-week courses will be placed on the schedule for 0 and/or 9th periods. Students taking 8-week courses must meet the registration deadlines at the beginning of each semester.

Dual courses are subject to change due to pathway and course requirements by Odessa College or UTPB

Courses in Red Font are new courses added for 2022-23

University of Texas at Austin On-Ramps Dual Enrollment Courses

OHS and PHS only

On-Ramps courses are rigorous courses offered at PHS and OHS campuses. Students will be taught by ECISD teachers trained through the UT On-Ramps program. All English, Math, Science, Social Studies and LOTE courses will receive a GPA weighting of 4.5. Students will decide at the end of the course whether they would like the dual course added to their UT Austin transcript at a cost required by UT Austin and paid by ECISD for the 2021-22 school year. OnRamps students are enrolled both in a high school course—led by a high school teacher, taught on the high school campus—and in a college course—led by credentialed UT Austin faculty and college instructors of record (approved by the University's associated academic department for each course). The college course is taught as a distance education course using the Canvas Learning Management System. The OnRamps high school teacher is responsible for evaluating and awarding students' high school grades. UT Austin Faculty and college instructors of record are responsible for evaluating and awarding students' college grades.

Courses are all full-year courses.

No TSI is required for On-Ramps Courses
