Sample Assumptions- Districts should update/add/delete as

- * All formulas are based on the current column- Current revenues are taken from the annual a
- * Are there any differences between this spreadsheet and the Budget status report?
Why?
- * Break out prior year grant claims in separate line items to track more accurately
- * Expenditures are projected out based on the average actual expenditures so far this year
- * Additional large expenditures are noted separately on the spreadsheet
- * The original budget included a transfer from General Fund to Capital Projects for ESSER rel
This analysis does not include the transfers
- * Revenue 1100- taxes is calculated using the collection percentatges in row 61- these are av
- * Food Service Revenue in the current column is based on the monthly average revenue mult
- * LEA revenue was updated according to the increased assessed values
- * Grants noted in red were budgeted for, but the district has not received funding yet.
- * National Boards revenue comes through in July apportionment
- * Revenue for Local Deposits- all funds collected at the district or directly to the County- not in

Planned Adjustments to 2025-26 State Apportionment

The school year begins in September 2025. From September through December for monthly payments will be based on Form F-203 data. Exceptions: Revenues 4126, 4156, and 4157 OSPI allocations; Revenues 4155, 4165, and 4174 will begin upon program approved.

Account 4199 is based on prior year allocation, adjusted for the increase in appropriations. The allocation will be adjusted during the year as the actual data become available.
