Executive Summary
Prepared for Board of Trustees Meeting
September 8, 2020

Technology Access for the First Week of School

***Board Goal*:**

Growth & Management - In pursuit of excellence, we will work with the community in planning and development.

Purpose of Report

The purpose of this workshop is to brief the Board on how the technology devices and network performed for the first week of school. This item is a continuation of the TEA Operation Connectivity briefing.

Objectives
- Show district wide Chromebook inventory and percentage of devices to students
- Requested Jetpacks devices by zone/campus
- Network performance
- Systems Dashboard
- Call Center and Helpdesk

Operational Impact
No operational impact

Results
Informational data for the Board to see and understand how the district resources performed in the online educational delivery setting.
