

**Beeville ISD**  
**BOARD OF TRUSTEES**

Date: October 18, 2016 Presented By: Dr. Puig

Subject: Policy FFA (Local) Related Page(s) 4

**Action**

**BACKGROUND INFORMATION:**

All districts with at least one campus participating in the National School Lunch Program and/or School Breakfast Program must have a board-adopted wellness policy that meets the requirements of both the Healthy, Hunger-Free Kids Act of 2010 and the corresponding federal rules, effective August 29, 2016. All districts must comply by June 30, 2017.

Because our district redeveloped and adopted a revised wellness policy at FFA(LOCAL) using the *Starting Points* materials published by Policy Service in November 2015, TASB recommends that we revise our local policy and wellness plan using the September 2016 [\*Starting Points\*](#) materials, complete the wellness policy worksheet, and submit to TASB. Once the board takes action on the policy, we would then make any necessary updates to our district's wellness plan using the *Starting Points* wellness plan template.

**RECOMMENDATION:**

Approval

**BOARD ACTION REQUIRED:**

I move that the Board approve Policy FFA(Local).
