

**FOREST LAKE AREA SCHOOLS
FOREST LAKE, MN 55025**

December 5, 2013

AGENDA ITEM: 9.12

TOPIC: Facilities Bond

BACKGROUND: A Facilities Task Force was formed to review and make recommendations to the School Board regarding district facilities. In April 2013, the Task Force presented their recommendations to the School Board. Initial costing of the recommendations occurred in the spring/summer/fall of 2013 and was presented to the School Board in October. Discussion has occurred, questions have been answered and information has been provided to the School Board since the presentation in October.

PROCESS: The School Board has set a goal of deciding on whether or not to move ahead with a bond vote at the December 5, 2013 School Board meeting. If there is a decision to move ahead, it will also be determined what facilities would be impacted, at what cost and when the vote would occur.

RECOMMENDATION: Approval of the attached resolution.
