Tonight the principals of each school will share the results of the work their buildings completed toward successful completion of the goals they shared with the Board in October.

Program Review

Beginning in August, I will ask representatives from different District 13 programs to come to the regular meetings of the Board to make a brief presentation. These programs will include English Learners (EL), Multi-Tiered Systems of Support (MTSS), Technology, and many others. If there is a program you would like to hear more about in the coming year, please reach out to me and I will do my best to include it within the monthly Board meeting schedule.
