Re: Phase II Bond Bus Purchase

After reviewing the bids with the Transportation Department, I would like to make the following recommendation for the Phase II Bond Bus Purchase consisting of 20 buses:

Purchase 5 Mini buses (gasoline) from Midwest Transit Equipment out of Marshall, MI at a unit price of \$48,965 and a total cost of \$244,825.

Purchase 10 Conventional 77 passenger buses (diesel) from Holland Bus Company out of Holland, MI at a unit price of \$84,545 and a total cost of \$845,450.

Purchase 5 Special Needs 72 passenger buses (diesel) from Holland Bus Company out of Holland, MI at a unit price of \$102,837 and a total cost of 514,185.

The total cost of all 20 buses is \$1,604,460 which exceeds our original Phase II budget of \$1,582,200 by \$22,460. However, with a Phase III budget of \$1,690,648 consisting of the purchase of the final 21 buses we are still planning on being under the total original bond bus purchase budget of \$4,796,000 by \$5,405.
