	OPTIONAL		
	Levelland ISD 2027 Legislative Priorities		
1. Fully Fund Public Education			
	Levelland ISD supports a school finance system that reflects the true cost of educating students by increasing the Basic Allotment, fully funding special education, and providing flexible funding that keeps pace with inflation and rising operational costs.		
2. Preserve Local Decision-Making			
	Locally elected school boards are best positioned to make decisions for their communities. The Legislature should minimize unnecessary mandates and fully fund any new requirements placed on school districts.		
3. Prepare Every Student for the Future			
	Support investments in Career and Technical Education, teacher recruitment and retention, school safety, and student mental health so every student graduates prepared for college, careers, military service, or the workforce.
