April 2018 Board Report

Curriculum and Campus Updates

This month we will start off learning about plants and what they need to grow. Then we will learn about insects and spiders and their characteristics! The letters and letter sounds we are focusing on include: Ii, Oo, Kk, Dd, Ee, Uu, Gg, and Rr. We will work on listening to the end of words to determine if they end with the same or different sounds. In math, we will be manipulating shapes to create new objects, and comparing lengths and heights of items in our classroom! Towards the end of April we will visit Dinosaur World! April is going to be an exciting month at Franklin!
