**COURSE DESCRIPTION**

**DESCRIPTION:** This course provides a general introduction to Old Testament history and literature designed to acquaint the student with the origins, purposes, and religious quality of Old Testament books. Attention is given to the development of the Judeo-Christian tradition.

**PREREQUISITES:** Students enrolled in this course should have tested out of or successfully completed developmental reading and writing courses OR enroll with the instructor's permission.

**GCCC'S GENERAL EDUCATION OUTCOMES**

Students will develop the Essential or Employability Skills based on their credential. Essential skills include written communication, oral communication, and critical thinking as well as awareness of cultural diversity and social responsibility. Employability skills include communication, problem solving, and work ethic. These outcomes align with the college's commitment to engaging students in the collection, analysis, and communication of information.

**TEXTBOOK INFORMATION**

**KRSN Course Number 1020**

**The learning outcomes and competencies detailed in this course outline or syllabus meet or exceed the learning outcomes and competencies specified by the Kansas Core Outcomes Groups project for this course as approved by the Kansas Board of Regents.**

**COURSE TYPE**

**ACCELERATED COURSE:** An accelerated course allows students to complete an academic course in less time than a full semester. This is an intensive course, covering a full semester's work in considerably less time. Therefore, regular, consistent attendance is vital for success, and students are required to do substantially more work outside of class.

**HYBRID COURSE:** A hybrid course is a blend of online or independent work and campus-based instruction. A hybrid course offers the benefit of face-to-face instruction and the flexibility and convenience of online or independent work. Each individual course provides specific classroom dates and times while online or independent instruction uses any combination of various methods: video, audio, document files, discussion boards, and written assignments.

**FACE TO FACE COURSE:** Face-to-face courses are campus-based classes that meet in-person at an established time and place. While instructional technologies (like Canvas) may be used to support the course, instruction takes place fully in-person. Students will still be expected to use campus technologies like email and Canvas.

**ONLINE COURSE:** An online course uses computer-based technologies (i.e. Canvas) to create an online "classroom." Students are instructed in course content through online learning: tutorials, testing exercises, group collaborations, independent assignments, and long-range projects. Each individual course provides a schedule of assignments and deadlines. Students need to have adequate computer skills as they will be communicating with the instructor and classmates online. This course is an online course, and you are responsible for ensuring that you can access all course material on a regular basis either from the GCCC campus or from home. Additionally, certain technical abilities will be required, such as installing necessary plug-ins and uploading files. If you have a problem with a personal computer or interrupted network connection, know that you are still responsible for submitting your work on time. If there is a problem with the Canvas system, notify your instructor and Canvas support (877) 259-3991 (or email [distancelearning@gccccks.edu](mailto:distancelearning@gccccks.edu)).
