Board Meeting Date: 18-Jun-12

Agenda #                     

Staff/Administrator: Peter Maluk

Superintendent: Dan Huber-Kantola

Type of Item:       Informational       Action

**Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?**

The newly created Oregon Education Investment Board is requiring every district to submit a 2012-2013 Achievement Compact that is supposed to be approved by the TRSD Board and submitted by June 30. We have not, however, received from the State data that was promised to assist us in targeting goals. In April we were told that information would come out in mid May. Last week I spoke to a representative and she said it was on its way. We still have not received the information. I will forward it to you later this week if it is received.

**Provide history/background information on your proposal.**

The goal for the district is to determine goals for student achievement, graduation rates, and attendance based on a new system of calculations that will ultimately lead districts to a 100% graduation rate by 2025 the year the 2012-2013 Kindergarten class graduates.

**List the advantages of the proposal**

To be determined.

**List possible disadvantages of your proposal:**

**List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?**
