#### Background Information:

A School Health Advisory Council (SHAC) is a group appointed by the school district to serve at the district level. Members of the SHAC come from different areas of the community and from within the school district. The majority of members must be parents who are not employed by the district. Texas law ([Texas Education Code, Title 2, Subtitle F, Chapter 28, Subchapter A, §28.004](#)) requires the establishment of a SHAC for every school district. SHACs are required to meet at least four times each year. SHAC Bylaws state we should have 13-17 members with the majority of its members being parents.. SHAC is recommending the attached resources.

#### Support of Strategic Goals:

Goal 1: DISD supports students in a multitude of ways to nurture learning and ensure high performance.  
Goal 3: DISD fosters relationships with students, families and community members to ensure a culture of excellence.  
Goal 4: DISD manages funds and resources responsibly and transparently to maximize return on the community's investment.

#### Fiscal Implication:

If SHAC recommends a health curriculum or resource it may require financial support from the district.

#### Administrative Recommendation:

I recommend we approve the instructional resources recommended by the SHAC committee that supports the state mandated health TEKS.
