Support Services

Chapter 1

1988 12-12-88

1. The Chapter 1 program in the Homedale School District provides extra help in reading or math for students who score at the 40th percentile or below on a national standardized test. This program enables the school district to provide the extra help that some students need to be able to perform at grade level.
2. The Chapter 1 program is designed to supplement, but not supplant, the regular classroom curriculum with the ultimate goal to have the child able to function in the regular classroom successfully.
3. All State and Federal regulations will be followed.
