## ITEM

GOAL: 1

OBJECTIVE: 1.A, 1.B, & 1.C

---

**Subject:** Approval for purchase of Accelerate Learning's STEMScopes for the 2025 K-5 Math Adoption

**Rationale:** After reviewing several publishers' products, the 2025 K-5 Math Adoption Committee has selected Accelerate Learning's STEMScopes as the curriculum for K-5 math instruction. This purchase would be for 3 years and would begin the 2025-26 school year. These materials are on the approved list for IMRA and are considered high quality instructional materials by the SBOE. The committee decided these materials are the best selection for the further success of our students in grades K-5.

**Recommendation:** It is recommended that the Board approve the purchase of Accelerate Learning's STEMScopes curriculum for grades K-5 Math using SBOE-Approved Instructional Materials Entitlement funds. See attached quotes for details.
