

School Board Meeting:

May 29, 2018

Subject:

Resolution Approving
Membership in the Princeton
Schools Joint Purchasing
Agreement

Presenter:

**Gary Kawlewski, Director
Finance and Operations**

SUGGESTED SCHOOL BOARD ACTION:

Recommend Approval

DESCRIPTION:

In the interest of continuing to try to find purchasing options for our Food Service Program, we recommend that the board authorize the attached resolution. The resolution will allow the school district to enter into the joint powers buying group for food service food and supplies. This agreement would be in addition to all other existing agreements and contracts to which the district already belongs. The agreement provides another option for us to find the best pricing to purchase products for the food service program.
