

The next step in the strategic planning process is for the school board to agree on the assignment of the top stakeholder ideas to exit outcomes and discuss the recently completed stakeholder input process. The school board ranked the top ideas from parents, students, staff members, and community members using pairwise last month.

- A. The current year and historical participation summary of the stakeholder input process is attached.
- B. District stakeholders began submitting input February 19th and completed Pairwise on March 20th. All the input received is included. The rank order as determined by each stakeholder group is noted (attached.)
- C. School board members completed Pairwise of the top stakeholder ideas April 26th (attached.)
- D. During this agenda item, I will display the district exit outcomes (attached) and **I recommend that the input ranked highest (above 50% upvote) by the school board be assigned to exit outcomes.**
