RE: Caitlynn Vanlandingham

It is my recommendation that Bridgman Public Schools hire Caitlynn Vanlandingham as a school social worker for Bridgman Elementary School. Caitlynn was selected by a committee that included two teachers, a school counselor, two school social workers and two administrators.

Caitlynn holds a Social Work BSW from Western Michigan University and is in the process of obtaining her Social Work MSW through Spring Arbor University.

Caitlynn has experience in school social work which includes interviewing, assessment, social groups, 504 plans, community involvement and crisis evaluation. Caitlynn currently works as a Student Success Coach/Behavior Interventionist.
