Heroic Package

Our most popular package offers a comprehensive variety of courses for your staff, including essential compliance training, student safety to address critical topics for maintaining a safe educational environment, a 6-Hour GT update to ensure staff is equipped to teach gifted and talented students and substitute teaching preparation to provide substitutes with the skills needed to succeed in the classroom.

Heroic & Custom Portal Bundle

The Eduhero & Custom Portal Bundle offers an excellent solution for districts seeking to combine comprehensive training with custom course creation. It includes all courses from the Heroic Package and allows districts to develop, distribute, and track progress on their own courses utilizing resources such as Adobe PDF, YouTube videos, Google Drive, and Storyline. A custom page provides a central location for all district content, making it easy for teachers and staff to find what they need.

This agreement applies to districts that were participating in Eduhero services prior to March 2026, as determined by Region 6, and reflects previously established pricing.
