Why PCAT

Mission

PCAT was created to provide Member districts with a strategy to achieve the lowest long-term cost for property and casualty coverage via multi-year membership, rate and coverage stability, proactive loss prevention, and cash dividends.

Strength

PCAT provides multi-year risk management solutions for over 170 Texas school districts. With over \$110 Million in annual Member contributions, PCAT is the largest school risk program in the country devoted exclusively to property and casualty exposures.

Governance

PCAT is a Member owned-and-governed program. Member districts elect a five-member board of their peers to provide program governance ensuring the program is consistently aligned with the best interests of Member districts.

Member-Owned

Being part of a non-profit insurance risk pool allows Members to achieve more stable and predictable insurance costs. Because the pool is member-owned and not profit-driven, underwriting gains are reinvested to improve rates, coverage, and services. This collaborative structure also encourages long-term stability and shared best practices among Members.

Interlocal

Formed under the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, the PCAT Interlocal Agreement enables Members to benefit from cost-saving multi-year agreements while meeting Texas Education Code section 44.031 Purchasing Contracts requirements.
