- Contractor: Whiting Turner
- Percent Complete: 55%

Centennial Master Plan – Centennial Plaza

A new take on an Iconic UH Legacy Space

- The addition of a new pavilion that will celebrate the UH Centennial and activate the Cullen Fountain is underway
- Also included is a new amphitheater viewing area across from the pavilion providing an additional area for students to engage and enjoy the plaza

Centennial Master Plan – Centennial Plaza Pavilion

Shaded pavilion with built in seating, LED lighting and magnificent views of the Cullen Fountain

Includes a unique terrazzo flooring celebrating the UH Centennial with 10-decade petals and 100 years of spokes

Centennial Master Plan – Centennial Plaza Amphitheater

Amphitheater across from the pavilion will provide a viewing and performance area with built in seating and an integrated audio system

Centennial Master Plan – University Drive

University Drive, the “Front Door” to the UH campus

- Completely reimagined with a newly designed pedestrian friendly corridor will be activated and have a student centric focus

Centennial Master Plan – University Drive

The PATIO at *Eric's*

- Innovative and exciting refresh of an old favorite at the Hilton complex
- The exterior patio will emphasize engagement and help activate the new University Drive corridor
- The venue will provide game day and evening options in a casual atmosphere designed for dining, socializing, and lounging

Centennial Master Plan – Welcome Center Garage

Bringing the Welcome to the Welcome Center!

- A traditionally underused and visually uninspired area has been redesigned to include shade, outdoor seating, and a café area
- The improvements further activate University Drive while creating a more welcoming, student-centric environment

Centennial Master Plan – Monument Signs

You have arrived at the University of Houston!

- New Monuments at the front of University Drive and other locations clearly mark the entrances

Centennial Master Plan – Wilhelmina’s Grove

A legacy UH green space is reinvigorated and energized!

Project completed and opened in Fall 2025

- 86 new trees planted
- Water fountain and landscaped area transformation is impressive
- New design for secondary shade structure in progress

Centennial Master Plan – Video
