RE: Special Education Service Agreement between South Central Service Cooperative and WEM Public School

This Agreement serves as a summary of cost related to Vision, Audiology, and Orientation and Mobility for FY27. The Region 9 Special Education units purchase these services cooperatively.

Be aware, you are only billed for the costs of salaries and benefits related to these disability areas. The Low Incident Project offsets cost for paying for all travel, professional development, technology needs, and all materials/instructional supplies required to provide service to your students (unless IEP specific). This is a substantial benefit to you, as a member district.

The invoice is included with this notice.

		Vision	Audiology	O&M
