

Riverside D96 Project update 2026

Aug-19-2026

- **Hauser**

- **Window Project** - Note - **Completed**
 - **Progress:** Installation is fully finished, and the crew has demobilized and cleared the site.
 - **Details:** The project went smoothly with zero issues and wrapped up with all windows completely finished.
- **3rd Floor TuckPointing** - Note - **Completed**
 - **Progress:** The tuckpointing project was successfully completed.
 - **Details:** The crew has fully demobilized and cleared all equipment from the site, and the brickwork is completely finished.
- **Boiler Replacement** - Note - **In Progress**
 - **Current Status:** Boilers were delivered today.
 - **Next Steps:** installation phases are moving forward as planned.
- **Hauser Field** - Note - **Progressing Well**
 - **Progress:** Soil leveling, turf builder application, and reseeding are showing great results.
 - **Current Status:** New grass is actively filling in the bare spots, and we are continuing to monitor the site closely.

- **Blythe**

- **Playground Project** - Note - **In Progress:**
 - **Current Status:** Due to earlier permit holds, the project will push past its original target completion date.
 - **Safety Measures:** A secure perimeter fence is being installed to ensure student safety once school starts and keep children off the active work area and equipment.

- **District Wide**

- **Summer Cleaning** - Note - **Completed**
 - **Progress:** The custodial crew met every milestone ahead of schedule before teachers returned.
 - **Building Status:** Ames, Blythe Park, Central, Hauser, and Hollywood are 100% completed. Deep cleaning across all facilities is wrapped up, and all buildings are looking great and fully ready for the upcoming school year.
